

Appendix D: Waiver Requests for Excel School Innovation

Table I –Policy Waivers Called for by the Innovation Plan

DPS Board Policy	Description	Waiver Request
BDFH	School Governance, Collaborative School Committees	The school will adhere to policy BDFH with the exception being: the Quality Management Team will provide strategic direction in support of the school by developing a locally created “school’s improvement plan” (SIP). This is separate from the improvement plans called for in statute and district policy. To address the policy requirements, an Excel Advisory Council will be established with representation from students, parents, community, faculty, administrators and classified staff to enhance student achievement and school climate by overseeing development of the school UIP.
Existing Policy	<p>There shall be at each school a collaborative school committee with representation from parents, community, faculty, administrators and classified staff.</p> <p>Purposes and Scope: The purposes and scope of a collaborative school committee shall be:</p> <ul style="list-style-type: none"> • to enhance student achievement and school climate by engaging the school community in collaborative efforts supporting the school and District's goals. • to provide strategic direction in support of the school's mission and vision as stated in the School Improvement Plan (SIP). The SIP, with the school's program design, should serve as the strategic plan for the school. • to be in compliance with state and federal law, regulations of the Colorado Department of Education, applicable U.S. District Court orders, the District Affirmative Action plan, the DPS/DCTA Agreement, other contracts and District mandates. <p>Meetings of a collaborative school committee will be open to the public. Notice of these meetings will be posted in appropriate public places. A copy of the agenda will be publicly posted and made available one working day before the meeting and the minutes from the meeting will also be publicly posted and made available.</p> <p>The collaborative school committee will:</p> <ul style="list-style-type: none"> • work collaboratively with the school community that includes the building principal, teachers, staff, students, parents, civic and

	<p>business leaders, service and neighborhood representatives, and other community members;</p> <ul style="list-style-type: none"> • focus on the CIP as its primary responsibility at the school; • use Multiple Measures and align resources to support the SIP and the school's program design; • provide guidance, evaluation and approval for the SIP; • provide guidance, evaluation, and approval for the annual school budget to insure its alignment with the SIP and the school's program design; • act as the School Improvement and Accountability Council (SIAC) for the building; • establish relationships with parents, community members, civic, service and neighborhood organizations to increase involvement in the school and provide a forum for community input; • provide guidance, evaluation, and approval for the use of the staffing allocations provided by the District as it relates to the SIP, school budget, and school program design, including consultation regarding adjustments that may be made due to pupil-count issues; • participate in the principal-selection process by interviewing candidates and recommending candidates to the superintendent; • participate in the principal's annual evaluation by giving input on the principal's involvement in and support of the collaborative committee process; • review, and when appropriate, approve discipline and safety procedures; • review, and when appropriate, revise the school calendar and/or schedule; • make recommendations regarding any changes to the school design to the District Board of Education through the building principal. <p>The collaborative school committee will not: participate in the day-to-day operations of the school; be involved in issues relating to individuals (staff, students, or parents) within the school; be involved in personnel issues (School Personnel Committee will stand alone in the current DPS/DCTA contract).</p>	
<p>Proposed Replacement Policy</p>	<p>Each year, prior to the start of a school year in August, Excel devotes a significant amount of professional development time toward reviewing program outcomes from the previous year and clarifying baseline measures for each program. From this analysis of the data, campus leadership teams, working with campus staff, set performance benchmarks for the upcoming school year. Strategies, responsibilities, and timelines for each objective complete the Campus Improvement Plan (CIP), which is each campus's strategic operational plan for the school year. Responsibility for the SIP lies with the Quality Management Team (QMT) comprised of the school leadership (principal, executive director, director of special populations, director of</p>	

DPS Board Policy**Description****Waiver Request**

operations, director of special services, academic coordinators and team leaders) which meets on campus monthly to monitor and evaluate progress on the indicators.

Separate from the locally developed CIP, the school principal, in consultation with the school's instructional superintendent, will be responsible for the development of the school's Unified Improvement Plan (UIP) as specified by Colorado Statutes. Although separate, the CIP and the UIP should be developed in collaboration so that ideas and strategies presented in both documents are consistent.

Excel will comply with the intent of policy BDFH in the following manner: The school will establish a school accountability committee called the Excel Advisory Council (EAC). The EAC will provide valuable input to the function of the QMT. This Council will consist of at least seven members as follows:

- (I) The principal of the school or the principal's designee;
- (II) At least one teacher who provides instruction at the school;
- (III) At least three parents or legal guardians of students enrolled in the school;
- (IV) At least one adult member of an organization of parents, teachers, and students recognized by the school; and
- (V) At least one person from the community
- (VI) At least three students from student government of the School.

If the DPS Board chooses to increase the number of persons on a school accountability committee, Excel will ensure that the number of parents and students on the EAC exceeds the number of representatives from the group with the next highest representation.

A person may not be selected to fill more than one of the member positions identified above in a single term. If the board determines that the members of a school accountability committee should be appointed, the appointing authority shall, to the extent practicable, appoint persons to serve on the EAC who reflect the student populations that are significantly represented within Excel.

Members of the EAC shall annually select from among the parent representatives elected to the committee a member to serve as chair or co-chair of the committee.

(3) If a vacancy arises, the remaining members of the EAC shall fill the vacancy by majority action.

If, after making good-faith efforts, a principal or an organization of parents, teachers, and students is unable to find a sufficient number of persons who are willing to serve on the Excel Advisory Council, the principal, with advice from the organization of parents, teachers, and students, may establish an alternative membership plan for the EAC, which plan shall reflect the

DPS Board Policy	Description	Waiver Request
	<p>membership specified in paragraph (a) of subsection (1) of this section as much as practicable.</p> <p>The Excel Advisory Council will have the following powers and duties:</p> <p>(a) To recommend to the Executive Director and Principal of its school priorities for spending school moneys. The Executive Director shall consider the EAC’s recommendations and take them into account in formulating budget requests for presentation to the DPS school board. The Executive Director will send a copy of its recommended spending priorities to the Excel Advisory Council for their review and consent.</p> <p>(b) To advise the principal concerning the preparation of a school’s Unified Improvement Plan or UIP), and to submit recommendations to the principal, and superintendent, concerning the contents of the performance or improvement plan;</p> <p>(c) To advise the local school board concerning the preparation of a school priority improvement or turnaround plan, if either is required pursuant to section 22-11-210, and to submit recommendations to the local school board or the institute concerning the contents of the plan;</p> <p>(d) To meet at least quarterly in a joint meeting of the Quality Management Team to discuss whether school leadership, personnel, and infrastructure are advancing or impeding implementation of the public school's performance, improvement, priority improvement, or turnaround plan, whichever is applicable, or other progress pertinent to the public school's accreditation contract with the local school board or the institute;</p> <p>(e) To provide input and recommendations on an advisory basis to district accountability committees and district administration concerning:</p> <p>(I) Principal development plans for their principal pursuant to section 22-9-106; and</p> <p>(II) Principal evaluations conducted pursuant to section 22-9-106.</p>	
CFBA	<p>General School Administration, Evaluation of Evaluators (pertaining to superintendents and those responsible for evaluations of professional staff).</p>	<p>The School requests a waiver from policy CFBA. The school principal is responsible for the evaluation of all DPS teachers and will be evaluated by an instructional superintendent. Camelot staff will be evaluated by Camelot-based supervisors (who will be exempt from the requirements of this policy) with feedback provided by the school principal.</p>
Existing Policy	<p>All persons who evaluate professional staff members shall possess an administrative certificate issued by the Colorado Department of Education and shall have received education and training in evaluation skills approved by the department. Issuance or renewal of an</p>	

DPS Board Policy	Description	Waiver Request
	<p>administrative certificate requires that the applicant has received such approved education and training in evaluation skills.</p> <p>Evaluation instruments for all professional staff administrators shall include a section dealing with their evaluation skills. The Superintendent or his/her designee shall review all evaluations done by professional staff administrators and when necessary shall discuss with them procedure and form.</p> <p>The Superintendent's evaluation skills shall be part of his evaluation by the Board of Education.</p> <p>As part of its ongoing review, the District Personnel Performance Evaluation Council shall seek evidence that evaluators are implementing the process in a fair, professional and credible manner and shall report its finding and recommendations to the Board of Education.</p>	
Proposed Replacement	<p>The campus principal will manage formal evaluation of all DPS teachers and will report to the superintendent or his/her designee (instructional superintendent). The principal will provide feedback on the performance of Camelot employees, but will not be their formal evaluator. The principal's qualifications, certification and experience are those required of DPS principals.</p> <p>The executive director is usually reassigned from other schools within the Excel system and may hold administrative certifications from other states but most certainly has experience in administration and school supervisory roles with at-risk students.</p>	
GBEBA	Personnel, Staff dress, accessories, and grooming for Certificated Staff and Non-teaching Staff	The School adheres to policies GBEBA, GBEBA-R and GBEBA with the exception being: those days designated by the principal as being "dress-down" days or "theme" days.
GCCAF	Personnel, Instructional staff sabbaticals	The School will not allow for staff sabbaticals.
Existing Policy	<p>A sabbatical leave of absence is interpreted as a leave from active duty (an interruption of service) with the Denver Public Schools granted for professional improvement. A sabbatical leave may be granted by the Board of Education upon the recommendation of the superintendent.</p> <p>The employee shall have completed, immediately prior to the leave, at least five consecutive full school years in active service as a regularly appointed contract employee in the Denver Public Schools...Teachers who are granted sabbatical leaves of absence shall not receive credit for teaching service for the semester or year while on leave...A sabbatical leave may be for one year, one semester or a portion</p>	

DPS Board Policy	Description	Waiver Request
	<p>thereof...An employee on sabbatical leave shall be paid at one-half of his annual salary rate. Upon return, the employee shall be placed on the appropriate step of the salary schedule as though he had not been on leave...An employee on sabbatical leave may not engage in remunerative work during the school year except for approved fellowship grants...A sabbatical leave may be followed by a regular leave of absence without pay or increments for one additional year. The employee shall agree to return to employment with the Denver Public Schools for one full year in the event of one-half year of absence or less or two full years in the event of a full year leave or more than one semester...Requests for sabbatical leaves shall be received by the superintendent in writing in such form as may be required by the superintendent no later than November 1 or April 1 preceding the semester.</p>	
<p>Proposed Replacement Policy</p>	<p>The school will not grant or seek approval of sabbaticals for personnel or instructional staff. Considering the smaller learning community of 375 students: having instructional personnel absent for a length of time could have a negative impact on students, the school climate and the school culture.</p>	
<p>GCID</p>	<p>Professional Staff Training, Workshops and Conferences</p>	<p>School will have flexibility to identify and manage professional development opportunities as appropriate</p>
<p>Policy language/summary</p>	<p>Attendance by school personnel at professional meetings shall be justified by meaningful guidelines or rationale for such attendance. Such guidelines or rationale may differ by department but shall be well-defined and understood by appropriate personnel. An understanding of reasonable expenses should be developed prior to travel. The budgetary allocation of departmental travel accounts shall not be construed as automatic approval for expenditure. Travel outside the continental United States shall be considered only as an exception.</p>	
<p>School's Replacement Policy</p>	<p>For purposes of this policy, the "department" capable of establishing guidelines and rationale for attendance of school personnel at professional meetings will be the Excel Advisory Council. This will be important for ensuring teacher PD that is aligned to the needs of the school community. Excel Academy may require staff participation in professional development beyond that of a typical district-run school. Required attendance at professional development trainings will include training before the start of the academic calendar as well as dedicated professional development days when school is cancelled for students, but maintained for staff. The school principal in consultation with the Excel Advisory Council will identify shared professional development events based on the needs of the school. Additionally, as part of the teacher evaluation process, all teachers will work collaboratively with their evaluator to develop a personalized professional development plan that identifies any particular needs related to</p>	

DPS Board Policy	Description	Waiver Request
	<p>implementation of the proposed educational model. The professional development opportunities subsequently identified for teachers will be driven from their PD plan.</p> <p>Professional development will be tied directly to the learning needs of the students, and will incorporate support for teachers to develop expertise with teaching classes in an intensive pathways school. The school calendar for teachers will be set in the spring of the preceding academic year and will highlight the additional professional development days. These days will be required participation for classroom teachers and part of their base salary. Professional development instances provided outside of the school's published staff calendar will either be optional for teachers or teachers will be provided with extra duty pay for participating.</p>	
IC/ICA	Instructional Program, School Year/School Calendar	The School will similarly follow the DPS calendar with the option to change as needed.
Existing Policy	<p>Prior to the end of the school year, the Board of Education shall determine the length of time during which district schools shall be in session during the next school year. The number of days of planned teacher-student instruction and of teacher-student contact shall meet or exceed the requirements of state law.</p> <p>The district calendar for the next school year shall be prepared and presented to the Board for approval in the spring of each year.</p> <p>The Board authorizes the administration in each school building to issue a school calendar based on the district calendar and in accordance with the required number of days (hours) adopted by the Board.</p> <p>All calendars shall include the dates for all staff inservice programs scheduled for the coming school year. The district shall allow public input from parents and teachers prior to scheduling the dates for staff inservice programs.</p> <p>A copy of the calendar shall be provided to all parents/guardians of students enrolled in district schools. Any change in the calendar except for emergency closings or other unforeseen circumstances shall be preceded by adequate and timely notice of no less than 30 days.</p>	
Proposed Replacement Policy	<p>Prior to the end of the school year, <i>Excel Academy</i> shall determine the length of time during which <i>Excel Academy</i> shall be in session during the next school year. The number of days of planned teacher-student instruction and of teacher-student contact shall meet or exceed the requirements of state law and <i>the DPS Board-approved district calendar</i>.</p>	

DPS Board Policy	Description	Waiver Request
	<p><i>The Excel Academy calendar shall include the dates for all staff in-service programs scheduled for the coming school year that are not identified on the DPS Board-approved district calendar.</i></p> <p>A copy of the calendar shall be provided to all parents/guardians of students enrolled at Excel Academy. <i>The calendar will also be published on the school's web page.</i> Any change in the calendar except for emergency closings or other unforeseen circumstances shall be preceded by adequate and timely notice <i>to students and parents.</i></p>	
IJOA/IJOA-R	Instructional Program, Field Trips	The school will adhere to policies IJOA & IJOA-R with the exception being: the School may also use contracted bus services (other than DPS transportation) for field trips.
IKB	Instructional Program, Homework	The School requests a waiver from policy IKB.
Existing Policy	<p>Parents should expect their children to have regular homework assignments and should question the lack of such assignments.</p> <p>Elementary school: The amount, length and type of homework at the elementary school level may vary...but the minimum amount assigned shall be as follows:</p> <p>Kindergarten and grade 1- 10-15 minutes, one or two days per week Grade 2- 10-20 minutes, two days per week Grade 3- 15-25 minutes, two days per week Grade 4- 15-30 minutes, two to three days per week Grade 5- 20-30 minutes, three to four days per week</p> <p>Middle school: A minimum of five hours of homework per week</p> <p>High school: The expected minimum amount of homework shall be 10 hours per week in grades 9 through 12.</p>	
Proposed Replacement Policy	<p>The School will establish its own guidelines for the amount of homework assigned. This will be determined by the student's IEP and/or individual graduation plan. Excel's rigorous instructional day and increased teacher-to-pupil contact hours may, in some cases, reduce the amount of homework assigned.</p>

The supervisor will inform the employee of the grounds for the recommended dismissal and will give the employee a reasonable opportunity to respond.</p>	

¹ GDQD-R provides a process in the event that a teacher is dismissed, that provides timely notice to a teacher, an ability to have the decision reviewed through a post-termination hearing before an HR Administrator, and for non-probationary teachers, to have an added review (at the teacher's request) before an impartial hearing officer.

State Statute	Description	Waiver Request

The Human Resources administrator shall issue a decision in writing affirming, modifying, or reversing the dismissal recommendation. The decision shall be rendered within five (5) working days of the hearing, unless extraordinary circumstances require additional time.</p> <p>ii. If the Superintendent or his/her designee does not uphold the recommendation for dismissal, the employee shall be entitled to back pay.</p> <p>iii. The Human Resources administrator's review concludes the dismissal procedures for individuals employed with DPS for less than two years.</p> <p>C. If the Human Resources administrator affirms the dismissal recommendation, an individual employed with DPS for two or more years may request a hearing before an impartial hearing officer. (As noted above, individuals employed with DPS for less than two years are not entitled to the hearing before an impartial hearing officer.) An individual employed with DPS for two or more years must request the hearing within ten (10) working days of the decision by the Human Resources administrator. The hearing officer will review</p>

	<p>the dismissal recommendation in order to determine if any of the ground(s) specified in the dismissal recommendation notice provided to the employee are present. This hearing officer will not be a district employee.</p> <p>The following procedures shall apply to the hearing before an impartial hearing officer:</p> <ol style="list-style-type: none"> 1.
